Built In:

Description:

Corner lot! ! Individual owners can bring their builder to construct the hangar of their dreams. No more renting a hangar or land leases. Now you can build equity and protect your airplane in a privately owned hangar. Customize your hangar however you choose and use it to store collectibles or start an aviation business of your own.

Neighbourhood:

Orlando Apopka Airport: The Orlando Apopka Airport is more than just a safe haven for airplanes; it has become a social center for aviation enthusiasts featuring fly-ins, hangar parties and lots of just "plane" hanging out.
